### **IMPORTANT NOTES**

- It is possible to benefit from the program of Erasmus + mobility programmes (Mobility for Studies and Mobility for Traineeship) with or without grant.
- The fact that the student retakes a failed course does not prevent students from applying for an Erasmus +mobility.
- Bilateral agreement of departments is not obligatory if students want to benefit from the Erasmus +Traineeship Mobility programme. Students can apply and take the language exam by selecting the traineeship option only.
- Each student can benefit from a maximum of 12 months of studying and / or traineeship activity with or without grants, including the duration of the activity he / she has previously used in each level of education (undergraduate, graduate, doctorate) under Erasmus+ Programme.
- Students who have been selected for mobility but want to waive are required to notify the International Relations Office within 10 working days after their election is announced to avoid any reduction in their next application.

- Students studying in a double major can apply for mobility from only one major during the same application period.
- For special needs support for disabled students, visit the following website: <https://erasmus.alanyahep.edu.tr/tr/ozel-ihiyac-destegi> .
- For additional grants for students with limited financial opportunities, visit the following website: <https://erasmus.alanyahep.edu.tr/tr/ekonomik-acidan-imkanlari-kisitli-ogrencilere-ilav> .
- Each student in the application will be deemed to have accepted the terms and conditions contained in the Erasmus + Guidebook and any disputes that may arise will be decided according to the information in the relevant documents.

#### **IMPORTANT INFORMATION REGARDING COVID 19 REGULATIONS**

- As stated in the article of the National Agency No. 2600 dated May 22, 2020, a mobility can start virtually and evolve into a physical mobility according to the course of the epidemic, or it can start virtually and end virtually according to the course of the epidemic.
- Initiation of student mobility online, continuing online according to the course of the global pandemic and completing it online have been deemed appropriate by the EU Commission within the scope of COVID-19 measures. The grant for these possibilities will be as follows:
  - a) If mobility starts online and is physically completed: individual support is not received during online mobility, the usual individual support grant is given for physical mobility period.
  - b) If mobility starts online and is completed online, no individual support grant is given. However, the expenses made by the participant with the idea that the mobility will be completed physically are covered according to the subparagraph 3.a II which states: “In the event that the mobility cannot be started and cannot be carried out later, the expenses (travel, dormitory / rent, visa-insurance, etc.) that are made foreseen that the mobility will be realized and that cannot be refunded are paid to the student. If the student applies again in the following contract periods, -10 points are not applied for these students.”
  - c) The mobility can be started physically and completed online according to the course of the epidemic. Grant is given according to the rules described in Article 3.c.
    - I. If the participant completes their mobility by continuing the online education of the host institution without returning from abroad, the entire duration of the activity abroad is granted; However, travel, visa, accommodation, etc. additional expenses are not covered.
    - II. If the participant returns home and completes the online education offered by the institution abroad the grant, calculated according to the total activity period consisting of physical and online education, is paid in the amount specified in the contract. Furthermore, additional travel expenses that cannot be recovered or arising from cancellation can be paid by making an additional contract with the participant within the framework of the grant opportunities of the higher education institution.
    - III. In case the mobility lasts longer than the period stipulated in the contract, if the university's KA 103 budget allows, it is possible to award a grant according to the actual time by making an additional contract. In addition, additional travel expenses that cannot

be recovered or arising from cancellation can be paid by making an additional contract with the participant within the framework of the grant opportunities of the higher education institution. In these cases where the activity is completed, the participant is not entitled to automatic mobility again within the same contract period. However, if the participant applies in the following contract periods, due to the fact that the mobility took place under extraordinary conditions, -10 points will not be applied to the participant.]

- d) The mobility starts physically and is completed physically: the usual individual support grant is awarded.
- e) Lessons are taken virtually in the host country: the usual individual support grant is awarded.
- f) Institutional support grant: whether it is hybrid or fully online mobility, the higher education institution receives an institutional support grant.

Regarding the rules and measures of mobility during Covid-19 the International Relations Office of our university operates under the recommendations and rules of the National Agency of Turkey. During this process, the changes will be announced by us and we recommend you to follow the National Agency's website [www.ua.gov.tr](http://www.ua.gov.tr) as well.
