

**Subject: ESN Türkiye Has Launched the Barriers of Mobility II Edition Survey – Share your experience!**

Dear student,

Erasmus Student Network (ESN) Türkiye has recently launched the second edition of the **Barriers of Mobility Survey: Visa Issues for Non-EU Students**, a student-led research initiative focusing on visa-related barriers to international mobility.

**You can access the survey here:**

<https://barriersofmobility.esnturkey.org/>

The survey is open to students and young people who have participated in international education, mobility, or volunteering programmes by **Autumn 2025 or earlier**, including:

- Exchange students (Erasmus+ students, trainees, European Solidarity Corps participants, youth programmes)
- International full-degree students
- Participants in ESN events

Through this survey, ESN Türkiye aims to collect first-hand insights into the visa-related challenges faced by non-EU students and transform these experiences into evidence to support more accessible, fair, and inclusive international mobility systems.

Completing the survey takes approximately **10 minutes**, and all responses are **fully anonymous**.

You are also encouraged to share the survey with friends and fellow students who may be eligible to participate.

If you have any questions, please feel free to contact the Project Team at [ndc-surveyteam@esnturkey.org](mailto:ndc-surveyteam@esnturkey.org).

Thank you for contributing to a more inclusive future for student mobility.

Kind regards,
